Subject: Deschutes

Hi Chris,

I wanted to spare you from any more Deschutes activity, but it seems Chris H. is interested in some of the back and forth between the state and EPA, which you have the most knowledge of. I'm going to forward you the calendar invite for our briefing with the RA on Monday. If you can come, that would be great, in case some of those types of questions come up. I'll also try to touch base with you tomorrow to discuss further. Thanks!

Miranda Hodgkiss

Office of Water and Watersheds

U.S. EPA Region 10
